Aikido is a gentle martial art used only for self-defense. It is practiced by many people all over the world and is focused mainly on developing self-confidence, self-control, and respect for others. We will begin each morning with an aikido lesson that includes warm up, stretching, tumbling, and practicing technique movements. After the aikido lesson, we will take a short recess then continue with Aiki games followed by a snack period. Each morning will end with an activity focused on introducing youths to an aspect of Japanese culture, including simple phrases, calligraphy, songs, origami, and simple cooking. The **\$185** cost of the week-long camp includes instructional fees, activity materials, snacks, and treats.
